

INTRODUCTION:

There is a fine line *"What I hear, I forget. What I see, I remember. What I do, I understand."* Bibhuti Bhusan Govt. P.T.T.I. is a teacher education institute where both teachers and trainee teachers engage in a unique thinking process to explore various educational paths. Here, students explore a variety of subjects within every moment, by contributing to their holistic development. The role of a teacher goes beyond merely conveying the curriculum; it also involves research oriented activity like how to present the material in a modern and engaging way. The institution tirelessly strives to instill the qualities of a true teacher in its trainee educators. Below, we will discuss some of the most exceptional educational exercises offered:-

Project Based Learning:

Project based learning is based on Knowledge through experience. It is a teaching method in which students learn by actively engaging in real world. In this Institution, trainee teachers create different types of project by which they learn how to represent in subject really stoically in front of students.

Teaching learning Materials (TLMs) making:

Teaching learning Materials (TLMs) is known as instructional aides which are facilitated a teacher in achieving the learning objectives formulated by her or him prior to teaching learning activities start. In classroom teaching TLMs make teaching joyful. TLM serves as an important tool in classroom teaching. The role of TLMs in the classroom is to make learning real, practical and fun for children. Teachers use TLMs to illustrate or reinforce a skill, fact or idea. TLM also helps bring innovation and freshness to classroom teaching as it relieves students of anxiety, fear and boredom.

In this Institution, A trainee teacher learns to make different types of TLM which develop the skill how to create the classroom interesting. Example: chart prepare, model making, poster making, Power Point Presentation etc.

Awareness programme:

Awareness programme means community wide or audience specific programs or initiative that increase audience knowledge and share information and resources to promote safety. In this Institutions ,different kinds of awareness programs are arranged like-tree plantation, say no to plastic, jal dhoro jal voro project, dengue prevention programme etc.

Teaching skills development:

Teaching skill practice is an important part of teacher education programme. In this D.EL.ED programme have many types of Micro Teaching Skills like- Skills of Developing Observation in Learners, Skills of Facilitating Child Centric Learning, Skills of Integrating Knowledge and Experience, Skills of Encouraging Learners to Enquire and Skills of Integrating Performing Art with Learning Situation

Trainee teachers are practices all the skills for developing their teaching quality. This institution plays a vital role to develop the teaching skills of a student by using different aids.
